*Information obtained from external business listings.

3. COMPANY MISSION

To provide world-class precious metals refining, assaying, and trading services through ethical sourcing, advanced technology, transparency, and regulatory compliance while supporting sustainable mining practices across East Africa.

4. COMPANY VISION

To become the leading and most trusted precious metals refinery and trading partner in Africa by delivering excellence, traceability, and internationally accepted refining standards.

5. CORE BUSINESS ACTIVITIES

AURUM CROWN provides a comprehensive range of precious metals processing services including:

A. Gold Smelting Services

- Professional gold smelting
- Processing of precious metal concentrates
- High-temperature furnace operations
- Yield optimization services
- Secure handling and storage

B. Assaying & Laboratory Services

- Fire assay analysis
- X-Ray Fluorescence (XRF) testing
- ICP-MS laboratory analysis
- Precious metal content determination
- Certified laboratory reporting

C. Precious Metals Refining

- Gold refining
- Silver refining
- Doré bar processing

- Chemical refining
- Electro-refining
- Purity certification services

D. Gold Trading

- Gold purchasing
- Gold brokerage services
- Spot price transactions
- Export facilitation
- Regulatory compliance services

E. Diamond & Precious Stone Services

- Diamond sorting
- Gemological grading
- Secure storage
- Export documentation
- Precious stones handling

F. Copper Cathode Production

- Copper cathode processing
- Industrial metal supply
- Traceability certification
- Bulk logistics services

6. REFINING PROCESS

AURUM CROWN states that its refining process follows five key stages:

1. Ethical Sourcing

- Procurement from East African mining communities
- Conflict-free sourcing procedures
- Source verification and traceability

2. Assaying

- Laboratory analysis
- Purity determination
- Mineral content verification

3. Smelting

- High-temperature extraction
- Separation of valuable metals
- Concentrate processing

4. Refining

- Chemical purification
- Electro-refining
- Production of high-purity metals

5. Certification & Packaging

- Quality verification
- Certification issuance
- Secure packaging and storage

7. SOURCING OPERATIONS

The company indicates that it sources minerals and precious metals from several East African countries, including:

- Kenya
- Tanzania
- Uganda
- Rwanda
- Burundi
- Democratic Republic of the Congo

- 99.9%+ purity guarantee
- Ministry accreditation (Kenya)

- Complete chain-of-custody documentation
 - Ethical sourcing compliance
 - Conflict-free certification
 - Full traceability systems
 - KYC/AML compliance procedures
 - International quality standards adherence
-

9. SECURITY SERVICES

The company states that it provides:

- 24/7 armed security
 - Secure vault storage
 - CCTV surveillance systems
 - Biometric access controls
 - Climate-controlled storage
 - Insured transport services
 - Armored logistics support
-

10. COMPETITIVE ADVANTAGES

AURUM CROWN identifies its strengths as:

- ✓ Advanced refining technology
 - ✓ Professional laboratory facilities
 - ✓ Ethical sourcing practices
 - ✓ Full traceability systems
 - ✓ Regulatory compliance
 - ✓ Secure logistics and storage
 - ✓ International trade network
 - ✓ Experienced metallurgical expertise
 - ✓ High purity standards
 - ✓ Transparent business operations
-

11. MARKETS SERVED

The company states that it serves clients in:

- East Africa
 - Africa
 - Europe
 - Middle East markets
-
